Task Sheet for Usability Testing

Date : 4/12/19

Project : Out Without Doubt (OWD)

One sentence project description

Out Without Doubt (OWD) is a native application to safely guide users throughout select cities by method of foot traveland will alert the user of potential hazards by cautioning them to take appropriate steps to avoid the situations.

Scenario 1

As a doctor working the night shift (7pm-7am), I need to alert any other medical staff and patients about the drug dealing across the street outside.

Task 1

You will need to alert others about the drug dealers through your account with the app.

Scenario 2

As a teacher working in an area known for gang vandalism, I want to be safe when travelling to and from work.

Task 1

Find the safest way to and from work.

Task 2

Search up information about vandalism that is local to your area.
